

INDUCTOR® PRO-MAX3
P/N PM-2000-U3

Includes: NEW U-Series Attachments;
FAST-OFF PadU-211
Glass BlasterU-311
ConcentratorU-411

INDUCTOR® PRO-MAX4 P/N PM-2000-U4
Includes the above plus the NEW! ROSEBUD
(Aluminum / Frame Heater)...U-511
2 year warranty on Power Supply

INDUCTOR® MAX3 P/N IM-20003

Includes: FAST-OFF Pad.....U-211
Glass Blaster.....I-300
Concentrator.....I-400

INDUCTOR® MAX4 P/N IM20004
Includes the above plus the NEW! ROSEBUD
(Aluminum / Frame Heater)...U-511

INDUCTOR® GLASS BLASTER® KIT
P/N GB 20001

Includes: Glass Blaster® attachment
hardwired to the Inductor® HF Inverter

ALL INDUCTOR® MAX, PRO-MAX™
and GLASS BLASTER® kits come complete with
Tutorial DVD, Instruction Manual, storage for
attachments, and two I-wedges.

30 Day Money Back Guarantee

THE INDUCTOR®

THE ORIGINAL HIGH PERFORMANCE
INDUCTION HEATER FOR
THE AUTOMOTIVE AFTERMARKET

- Reduce Labor
- Re-Use Original Parts
- Save on Consumables

The Inductor® High Performance Induction Inverter Operates on convenient 120V/20A/2200W with a true maximum Output of over 2000 watts. More power than one can expect out of 240 volts, being the most energy efficient inverter of its kind. No heavy expensive extension cords required! No need to look for the closest 240v outlet!

The result? More Speed, Better Versatility, More Profits. The Inductor® High Performance Flameless Heat System, heats metallic objects without the collateral damage to nearby parts. Easily remove; Vinyl Graphics, moldings, glass, mechanical and suspension parts, Using High Frequency Magnetic Fields. (Induction Heat).

Features:

- UL /CSA Listed GFI protects entire unit for safety.
- Storage for attachments included
- Trouble Free Pneumatic Foot Switch.
- Audible and Visual power indicators.
- Inline connector resists tug damage offering best strain relief.
- Heats Aluminum and Steel

MADE IN THE USA

NEW UNIVERSAL SERIES ATTACHMENTS

Patents
656309681, 667059081
Others Pending

U-311

U-311/ Glass Blaster®¹:

- High mount, molded in strain relief, keeps cord from interfering with adjacent panels.
- Ergonomic Gripping for better control.
- Beveled edges at base places the magnetic field in closer to the pinch weld on wider glass moldings.
- Contour design fits neatly into the floor ribs of pick ups for removing spray-on bed liners.
- Uses: Glass, Appliqué's, Bonded SMC panels, Metal Bond adhesives, Spray-on Bed liners...etc

REDUCE LABOR TIME BY 75%

INDUCTOR® Attachments and Uses NEW! Universal Series Attachments

The U-311, U-411 and U-511 are Ergonomically Designed and molded in High Temp / Impact Resistant Epoxy Polymers. Unlike a basic block design, the Tapered Bodies and Beveled Edges on these attachments are more accessible to different contours and obstacles, offering the best of both worlds, *additional* Durability and Versatility.

U-411

U-411/ Concentrator¹:

- Tapered Body, Beveled edges and compact design allows this attachment to get into tighter areas than others.
- Turns bolts Red Hot (1400°) in seconds.
- Remove Seam Sealers in a fraction of the time without the expense or mess.
- Remove Hail Dents
(No special attachment needed)
- Uses: Release Seized hardware, Thread Lock Compounds, caulking, soft dents, metal shrinking ...etc

¹Included in ProMax P/N PM2000-U3, PM2000-U4

²Optional (inc. with Pro Max 4 / Max 4)

³U-211 Fast-Off supersedes I-200 Fast-Off, all models.

U-511

U-511/Rosebud (Aluminum/ Frame Heater)²:

- Beveled Edges allow greater versatility in obstructed areas.
- Heats 1/4" steel, Red Hot (1400°) in seconds.
- Heats Aluminum
- Air cooled for long term use
- Uses: Frames, Stress Relieving Aluminum, Fabricating, Graphic / Adhesive Removal...etc.

U-211/ FAST-OFF Pad³:

- Heat Resistant Outer material is softer on paint and more durable than fiberglass.
- Reversible Velcro Hand Strap doubles the life expectancy of this attachment. Use both sides!
- Flat / flexible work coil to meet the different contours on sheet metal.
- Uses: Moldings, Stripes, Graphics, Vapor Barriers, Sound pads, nameplates / emblems, Stress relieving sheet metal, vinyl roofs...etc

U-211
