

Inductor® ALFe® Series Model Comparison Guide

Part Number	IC-3500	IC-5000	IC-13000
Power Source	230V/16A/P1	208V/16A/P3	208V/32A/P3
Power	3500W	5000W	13,000W
Size	27" L x 16" W x 20" H	21.5" L x 20" W x 40" H	32" L x 32" W x 52" H
Weight	51 lbs.	175 lbs.	345 lbs.
Activation	Push Button	Push Button	Push Button
Power Indicator	L.E.D.	L.E.D.	Electronic Display
Price	\$3,400	\$4,290	Call for Pricing
Warranty	1 Year	1 Year	1 Year
On-Time	9-Minutes	30-Minutes	25-Minutes
Thermal Shut-Off	Yes	Yes	Yes
Accessories			
Optional Flow Attachments	Yes	Yes	Yes
Fast-Off Pad®	Yes (AL-211)	Yes (AL-211)	No
Glass Blaster®	Yes (AL-311)	Yes (AL-311)	No
Flow Concentrator®	Yes (AL-411-01)	Yes (AL-411-01)	Yes (AL-411-01)
Cart	Optional (LXR-11)	Built-In Trolley	Built-In Trolley

The power of liquid cooled with the versatility of air cooled

The Inductor ALFe series of induction heaters deliver safe, precise, and reliable heat. The ALFe units are ideal for repair shops that require high-end heat levels to release seized parts and panel bond adhesives from steel or aluminum.

ALFe Applications:

- > Bolts
- > Graphics
- > Auto Glass
- > Hardening
- > Fabrication
- > Curing
- > Stress Relieving Frame Rails
- > Annealing Metals
- > Shrink-Fitting
- > Straightening
- > Spray-in Bedliners
- > Many More!

ALFe Units Include:

- > Power Supply
- > 1 Year Warranty
- > User Manual
- > Fast-Off[®] Pad (ALFe 3.5 & ALFe 5.0)
- > Glass Blaster[®] (ALFe 3.5 & ALFe 5.0)
- > Flow Concentrator (ALL UNITS)
